

DOCK SPACE

Resort & Marina

Patona Bay Boat Club 2018 Season Dock Spaces

Effective January 1, 2018

Welcome to the lake area. We hope that you will enjoy being a guest here. We offer good fishing, boating and skiing. Our dock spaces are designed to be used locally or with the rv parks or cottages. For overnight stays there are also several motels within easy driving distance. Local regulations do not allow use of a boat in a pier space for overnight camping. You must be registered in a campground, cottage, or motel for an overnight stay. Come enjoy a clean lake and beautiful sunrises and sunsets.

PIER SPACES are available on the West Shore and the South Shore of Lake Tippecanoe. Piers are on the lake with a main pier and finger piers for boat spaces.

COVERED STALLS AND OPEN STALLS are located in the quiet channel of Patona Bay. These are close to boat sales, gas pumps, ramp and the service shop.

Membership on the West Shore location includes:

-Access to Lake Tippecanoe, Indiana's deepest natural lake. Ideal for the get in and go boater.

-Professionally built and maintained piers.

-Designated dock space for your boat.
-Use of boat ramp. (\$75 annual pass value)

-Use of picnic grounds and other resort facilities for you and your immediate family.

-Snack bar and gift shop located on grounds.

-Ample private parking. Gate pass is required for parking by snack bar/gift shop and those who want to stay past Marina open hours.

-Rest rooms are available at marina building and near the snack bar.

-Boat trailer summer storage is available. See other services section.

-Commercial pass for more than one unit- please call for pricing.

-Some spaces will accept boat lifts. Please inquire about special wide spaces for aluminum boat lifts.

-Canopy tops are allowed in the channel stalls only.

PATONA BAY RESORT ON THE WEST SHORE OF LAKE TIPPECANOE
